Subject: Recommendation for Ms. Rahwa

Dear Sir/Madam

It is with great pleasure that I recommend Ms. Rahwa Gebresilassie for a job position at your company. Ms. Rahwa has been a trainee at Dot Ethiopia for the past six months, participating in our intensive MERN stack (React, Express, MongoDB, and Node.js) bootcamp.

During her time with us, Ms. Rahwa consistently demonstrated exceptional dedication and a strong aptitude for web development. She quickly grasped complex concepts and applied them effectively in practical projects. Her proficiency in the MERN stack was truly impressive, and she consistently exceeded expectations. Notably, she completed the program ahead of schedule, showcasing her commitment and ability to learn at an accelerated pace.

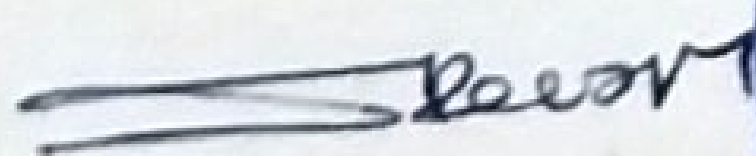

In addition to her technical skills, Ms. Rahwa has also been actively engaged in soft skills training provided by our partner, Naamal. This training focused on professional communication, teamwork, problem-solving, adaptability, and leadership qualities that are essential in today's fast-paced and dynamic work environments. This dual focus on technical and interpersonal development has equipped her with a well-rounded skill set, making her a highly adaptable and valuable team member.

Ms. Rahwa has consistently proven herself to be an outstanding student, and I am confident that she will be an asset to your organization. Her proactive approach, combined with her technical expertise and soft skills, makes her an ideal candidate for any role requiring a motivated and skilled developer.

Please note that Ms. Rahwa will receive her bootcamp certification upon the completion of the program by her cohort. This certification will formally attest to her successful completion of our rigorous training.

I highly recommend Ms. Rahwa without reservation. If you require any further information, please do not hesitate to contact me.

Sincerely,

Solomon Tadesse  
Country Director
